EXECUTIVE SUMMARY

I have successfully completed my bachelor's degree in Electronics & Communication Engineering at K.Ramakrishnan College of Technology. I have proven my devotion and dedication to both academic achievement and professional development. In addition to my schooling, I have earned a PEGA version 8.7 certification as a Senior System Architect (PCSSA), demonstrating my excellent work ethic and desire to advance my abilities. As a recent graduate, I also have great communication skills, a proactive and problem-solving mentality, and a strong work ethic. I am well-equipped to contribute effectively to a respected organization and continue my personal and professional development thanks to these attributes, my academic success, and my certification.
